

THE UNIVERSITY OF THE WEST INDIES, MONA CAMPUS
FACULTY OF SCIENCE AND TECHNOLOGY
DEPARTMENT OF LIFE SCIENCES

The University of the West Indies (UWI) is a dynamic, international institution serving the countries of the Commonwealth Caribbean. At 67 years old, the institution represents the oldest of its kind within the region; offering a wide range of undergraduate, masters and doctoral programmes in Humanities and Education, Faculty of Science and Technology, Science and Agriculture, Engineering, Law, Medical Sciences and the Social Sciences.

The Department of Life Sciences has active research programmes in ecological and conservation based areas as well as, among others, biotechnology, plant metabolomics, entomology, parasitology and pest and weed management. Currently the Department offers two BSc programmes, five undergraduate majors, three MSc Programmes and has a large cadre of MPhil and PhD students. The Department has 22 laboratories and two marine/field stations on the north and south coast of Jamaica. Research plots, a botanical garden and a herbarium are located on the campus.
